

GhostBlind Runner Extenders

The GhostBlind Runner Extenders come in a 3 Pack. They are designed to fit on the top of the GhostBlind Runner 6 Panel Blind only.

Each Extender has 3 steel pins in the bottom which fit into the flutes on the top of the Runner Blind panels.

The bottom of the Extender is contoured to fit the top of the Runner Blind.

Due to the nature of the fluted plastic, the pins may not be exactly the same distance apart.

Do not worry if it is not an exact fit as game will never notice any difference.
